dotworkz systems

Versatile, Virtually Indestructible and Ready for the Extreme

Not just a camera enclosure but a engineered outdoor housing system that is designed to expand all indoor camera models into complete rugged outdoor system solutions.

Virtually Indestructible: We produce the world's toughest enclosures, will not corrode, rust, leak and has proven to withstand a whole world of abuse.

No matter the climate we take outdoor temperature protection very seriously: Extreme Hot climates, Cold climates, Marine and everywhere in between.

innovative

KT-CDR3: D3 COOLDOME™ 12V Outdoor Power Pack Pole Mount Kit

Features:

- AC input auto range
- IP67 rated power supply
- Built-in active PFC function
- Protections: Short circuit / Overload / Over voltage
- Over Temperature Protection:105°C ±5°C (TSW1), Shut down O/P Voltage, Repower after cooling
- Fixed switching frequency at 60KHz
- 100% full load burn-in test
- Low cost, high reliability
- IP67

Description:

Power your Dotworkz COOLDOME™ and electronic components safely and easily with the 12V Outdoor Power Pack Kit.

Provides a clean integration of COOLDOME™ external power supplies to D3 enclosures.

This external power supply bracket provides quick mount attachment to the back of the D3 COOLDOME™ and can be mounted onto any size structural post or pole utilizing 3 band straps.

Specs:

Voltage Input Range:
90-305VAC ; 127~431 VDC
DC Output Voltage:
12V
Input Current 115/230 I/P:
8.0 / 4.0 Amps
Frequency Range
47-63 Hz
Rated Current ; Rated Power:
18A ; 216W (x2)
Operating Temperature
-30°C to + 60°C @ FL; + 70°C @ 60% Load
Storage Temperature
-40°C to + 80°C, 10~95% RH
IP Rating
IP65 / IP67
Shipping:
11" x 7" x 5"
